For PreKindergarten only: Session Assignment: Session assignment is determined by the school staff. Our goal is to have two sessions in which there is an educationally balanced learning environment. That means, a good balance of boys/girls, age mix, ethnic diversity and ESL (language) support. Your preference is taken into consideration but is not the determining factor. There is no guarantee that placement will occur based on preference and no change of session will be permitted. If you have serious circumstances that require your child to be in a certain session, you must make those circumstances known now. **Please attach a letter which describes your need for a certain session.**

I have read and understand the above. _____ Indicate your preference of session: AM ____ PM ____

- Please attach to this form:**
